Improve your business,
Upgrade your software.

Salvagnini guarantees the perfect integration and continuity between machine and office proprietary software. The Salvagnini software packages and their upgrades always include the most recent releases and new functions for an easier and more efficient use of the systems and a faster return of investment.
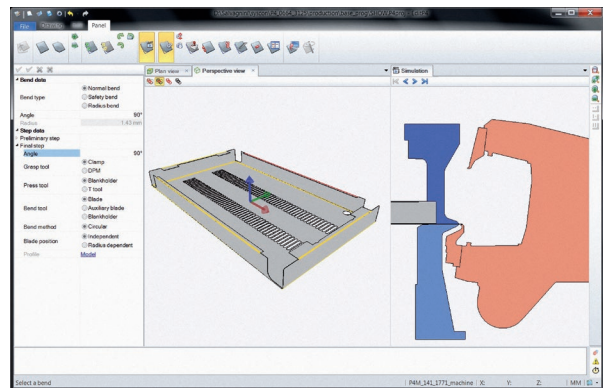

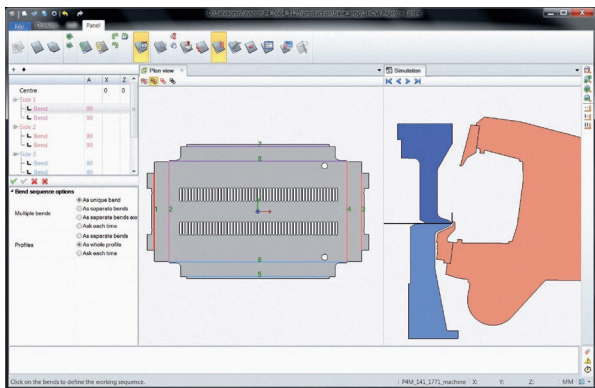

EDIT.P4

WHAT?

- Software for the assisted generation of programs for the Salvagnini panel benders.

WHERE?

- On all the Salvagnini P4X/P4Xe programming stations.

WHY?

- It allows 2D/3D drawings to be imported and new parts to be produced "live".
- It guarantees the correct programming of panels assisting the user through a powerful graphic interface.
- It reduces time for prototyping and new products programming.

Panel benders
